Terms and Conditions:

- Telephone Wire maintenance offers coverage per telephone line per premise. Additional lines into a residence or off premise extension must be covered by a maintenance plan, if the primary line is covered.
- The Maintenance plan will become effective on the date the signed agreement is received in the Business office. The service agreement will remain in effect for a minimum of six months. At the end of the six months, the agreement will continue until the customer requests the agreement be terminated.
- If you have more than one service, all services must be covered, and you will be billed accordingly.
